

# A&R Assistant - Warner Chappell Music

At Warner Music Group, we're a global collective of music makers and music lovers, tech innovators and inspired entrepreneurs, game-changing creatives and passionate team members. Here, we know that each talent makes our collective bolder and brighter. We are guided by four core principles that underpin everything we do across all our diverse businesses:

- **Music is Everything:** Music is our passion, and we can never get enough. Tastes, trends, and tech will change, but great artists and songwriters will always be our driving force.
- **Global Growth, Local Expertise:** Music is a global language. Through communication and collaboration, our success can come from anywhere and translate everywhere.
- **Innovation and Insight:** Pushing the boundaries requires the best information and the boldest imagination. We use both to create the future.
- **Empowered by People:** Like the artists we serve and the music they make, our differences make us stronger. This is a place where every talent can belong and build a career.

We remain committed to Diversity, Equity, and Inclusion. We know it fosters a culture where you can truly belong, contribute, and grow. We encourage applications from people of any age, gender identity, sex or sexual orientation, race, ethnicity, religion or belief, disability, and any other protected characteristic or identity.

Consider a career at WMG and get the best of both worlds – an innovative global music company that retains the creative spirit of a nimble independent.

Warner Chappell Music (WCM) is the music publishing division of Warner Music Group. We are interested in those who can join and contribute along our company's values: Curiosity, Collaboration, and Commitment. We value input, ideas, and feedback from everyone at every level and the voices and contributions of every team member at WCM matter.

At WCM we put the songwriter first, offering high touch service to move the cultural dial across the globe. We want team members who have a service-oriented mindset and care about the collective work. We are searching for those who are comfortable thinking globally while leveraging local expertise. We are Warner Chappell Music – where songwriters are heard.
