

Senior Digital Designe

We believe in Elevating Brands & People

We are known for creating lasting partnerships and creative concepts that bring long-term fame and success to our clients. Our aim is to develop work that makes a big impact here and now, but an even greater difference for your brand and you in the long run.

That's why our purpose is Elevating Brands & People.

Why are we called Sunrise?

A sunrise is a fresh start. A new beginning – full of ideas and renewed energy. A sunrise brings the light, takes away the darkness and makes anything seem possible. A sunrise is full of optimism, high spirits and good energy. And that's what we bring to our clients. We believe that with every sunrise a new reality unfolds for your brand – with new challenges and new opportunities. We help your brand adapt to a world of relentless change and make sure it keeps resonating with your audience, wherever they are. We love building brands and we love helping the people behind them. So whatever new reality unfolds we're ready to help you and your brand come through it stronger and more relevant than ever. Welcome to a **new dawn**.

Senior Digital Designer

Sunrise is now looking for an experienced and ambitious Senior Digital Designer to join our talented and fast-moving Digital/Social-team.

ABOUT THE POSITION

As a Senior Digital Designer at Sunrise, you will become a part of a dedicated team of six social media- and digital consultants, who are helping a broad range of Danish and international companies on how to strategically use social media and other digital platforms to create fundamental commercial transitions.

YOUR TASKS

- Creating UI design - Sketches, clickable prototypes and actual design
- Creating UX - Digital userflows
- Having workshops with customers and colleagues
- Quality assurance of work from Junior Designers
- Development and coaching of Junior Designers

About you and us

YOUR PROFILE

- Strong user-centric mindset and approach to design
- Full UX toolbox with wireframing, prototyping, user testing, etc.

Søgstilling

<https://job.jobnet.dk/CV/FindWork/Det>

- A good understanding and hands-on experience working with Wordpress, Shopify and other leading CMS/CRM systems.
- You don't need to be a programmer ,but you need basic knowledge about HTML and CSS.
- Ability to translate research findings into design and UI/UX design.
- Good at visualising and communicating your solutions to stakeholders.
- Expert skills in Adobe (XD, Photoshop, Illustrator, InDesign)
- Ability to speak, read and write both Danish and English

... and if you at the same time have a high tendency to smile, are filled with energy and want to make a difference for both our clients and your co-workers – then you'll be a great match for our team.

BENEFITS

- Referencing directly to our Creative Director
- A fun and challenging weekday filled with exciting tasks, collaboration across agency competencies and great development opportunities
- An ambitious, creative and open-minded environment where you are surrounded by lots of talented colleagues
- Competitive salary and pension plan
- Great lunch with meatless Thursdays
- Social activities and parties
- Computer

The Office is located at 2200 Copenhagen N.

Recruitment Process

We will not ask for your résumé and cover letter. We will ask you to sign up to solve a relevant case instead.

After the case, we will invite candidates to take a Talent Test (TT38). This is an assessment of your behavioural and psychosocial strengths. Candidates who match the profile we seek, will be invited for an interview.

If you feel this is the perfect match for you, simply go to the website and sign up.

If you have any questions about the open position, please don't hesitate to contact Nicklas from Innoflow at nicklas@innoflow.io
