

Workwear designer

Do you want to be part of the fastest growing workwear brand? Are you down to earth, hardworking, structured, target focused, and result-oriented? Then this is the position for you.

Primary job tasks

Veltuff is one of Europe's fastest growing workwear providers, and we are now looking for a workwear designer to do further development and innovation on our styles. As a workwear designer in Veltuff you will work closely together with the management team and purchasing department to ensure product development and quality in our styles. Other key responsibilities are:

- Proactiveness on the latest trends within the industry.
- Ensure all standards are fulfilled on our styles.
- Handle feedback and requests from sales department and customers.
- Drive innovation on our products.
- Drive new products from design to the customer.

Skills, Experience & Qualifications

The successful candidate will have a strong toolbox and an innovative mindset. You are confident in designing workwear and know about the regulative standards. Preferably you have experience from a similar job, but most important is that you are eager to learn and have a can-do attitude. You are result-driven and enjoy working in a fast-paced culture, but at the same time a team-player that focus on achieving the common goals. You work structured and prioritize your task, and are detail-oriented.

Does this job sound interesting?

Then we have a job with attractive salary package and canteen. In Veltuff we value talent and long-term employment stability where career advancement opportunities are possible as we are a growing business.

Please send your resumé and cover letter to job@veltuff.com. If we have not returned to you within 3 weeks you can assume we have moved forward with other candidates.

About Veltuff: At Veltuff you will be working in a dynamic and international environment with 65 result-oriented co-workers. We are reacting quickly to the latest trends in the market to keep our customers happy and give them the best customer experience. Veltuff is one of the biggest players in the work wear industry across Northern Europe. Our goal is to continue our development and within the next years become the biggest player in the work wear industry. We are headquartered in Copenhagen and we are currently having offices in Sweden, UK, France, The Netherlands, and Germany.
