

Graphic student assistant

Graphic student assistant

NASA, Metallica, Michelle Obama, Xi Jinping, CNN, Lukas Graham and Novo Nordisk all have one thing in common – they use DPA microphones. DPA has grown significantly over a long period of time and is continuously expanding its global marketing activities.

Do you want to help develop the creative expression to market the world's best microphones – to the world's best artists and communicators?

We are looking for a creative dynamo for our marketing team. Initially, the position will require 10-15 hours per week.

We need a person who fits into our enthusiastic team and wants to continuously develop his/her skills and responsibilities. Initially, the tasks will include the following:

use DPA microphones. DPA has grown significantly over a long period of time and is continuously expanding its global marketing activities.

Do you want to help develop the creative expression to market the world's best microphones – to the world's best artists and communicators?

We are looking for a creative dynamo for our marketing team. Initially, the position will require 10-15 hours per week. We need a person who fits into our enthusiastic team and wants to continuously develop his/her skills and responsibilities. Initially, the tasks will include the following:

InDesign

- Setup and scaling of ads and flyers
- Updating and maintaining manuals and brochures
- Lay-out and setup of various exhibition materials e.g., stand design
- Replacing text in connection with translation of existing materials (e.g., from English to German)

Photoshop

- Layout and edit graphic content for website, newsletters and Social Media
- Layout and scaling of website banners for web – static and animated
- Retouching of existing images

In addition, if you are good at PowerPoint, it will also be a greatly appreciated.

Depending on your skills, you might also get the opportunity to participate in various other exciting tasks such as illustrations, photography, animations and/or video.

About you

We envision that you are currently taking a graphic education and want to use what you learn in practice. You know the Adobe Creative Suite package very well. You strive to deliver high-quality work and you have an eye for detail. At the same time, you are on social media and know what works and what formats to use on the different platforms.

About us

DPA Microphones develops and produces some of the world's best microphones for theaters, live industry, installations, broadcast, recording studios, etc. Our headquarters are in Allerød, where we have a marketing department of five people. This is where you will work closely with our art director.

If you are interested in this position, please write a little bit about yourself, add a few examples of your work and send it to beh@dpamicrophones.com. We are looking forward to hearing from you.
