

Videographer

Videographer with excellent technical skills? Want to play a vital role in executing on Creative ideas from LEGO® Agency to bring to the eyes of our consumers and audiences around the world?

This is an outstanding opportunity to join the Film Production team in the LEGO Group - the place where creativity and fun are not just the icing on the cake - they are key ingredients to our success!

Core Responsibilities

- Setting up and tearing down cameras, audio recorders, lighting, microphones, and props for shoots
- Resolving type of equipment to use for shoots/productions depending on the creative concepts/ideas
- Run Camera, lights and audio during shoots, which can be both studio shoots and on location
- Close collaboration with Creatives, Producer/Studio Manager to build outstanding content
- Advise, support and facilitate the creation of innovative and best-in-class productions
- Work closely with the team during post-production on projects
- Responsible for maintaining equipment and general upkeep of the studio space
- Continuously keep yourself up to speed with new filming technology in order to optimize the Inhouse production offering

Play your part in our team succeeding

In Film Production you will join a team of colleagues with a strong passion for content creation. The team is spread out across our three Agency hubs in UK, US and DK, with the majority working from the DK hub at LEGO headquarters in Billund.

Every day, we work together to come up with fun ideas that are new, surprising and valuable. Collaborating with the creative teams in the agency and across other areas of the LEGO Group, we pool together all our knowledge and creativity to create awesome communication experiences for children and their parents across the world.

We go above and beyond to produce outstanding content - not because we have to, but because we care. We take pride in our everyday work to make a positive

difference in the lives of children as well as for our partners and colleagues.

Do you have what it takes?

As Videographer for our new Inhouse Agency video studio, you will be part of our Inhouse Production team crafting great video content for various LEGO platforms. As responsible for the technical side of productions, you will help to finding creative solutions by bringing in your great knowledge about filming techniques.

What we look for:

- Substantial experience within and the technical knowledge to be able to operate, configure, set up, and fix video, audio, lighting and other production equipment
- Passionated about the field and an ability to keep yourself updated with the newest technologies
- Ability to work under the pressure
- Creativity and attention to detail as there is a lot of product filming, alongside with patience to wait for the perfect shot
- Flexibility and good listening skills
- An understanding of post-production techniques is important and it is a definite plus if you are also able to do editing

The following are also areas or systems that are a plus if you have knowledge about or experience with:

- Adobe CC and/or DaVinci
- Black Magic Camera Equipment
- Virtual production
- Stop-Motion photography
- Experience with filming children

Please make sure to upload or refer to your portfolio when applying.

Join the global LEGO® family

Children are our role models. Their curiosity, creativity and imagination inspire everything we do. We strive to create a diverse, dynamic and inclusive culture of play at the LEGO Group, where everyone feels safe, valued and they belong.

The LEGO Group is proud to be an equal opportunity and an affirmative action employer. We are committed to equal employment opportunity regardless of race, colour, ancestry, religion, sex, national origin, sexual orientation, age, citizenship, marital status, disability, gender identity or Veteran status.

We support our employees in being there for the moments that matter in life and celebrate families of all kinds, the loved ones that make us who we are. Being part of the LEGO Group also means taking part in our annual Play Day, playing a part in building a sustainable future and continuing our mission to “inspire and develop the builders of tomorrow.”

The LEGO Group is fully committed to Children’s Rights and Child Wellbeing across the globe. Candidates offered positions with high engagement with children are required to take part in Child Safeguarding Background Screening, as a condition of the offer.

Thank you for sharing our global commitment to Children’s Rights.

Build your career brick by brick at the LEGO Group!
