About Ensemble MidtVest (EMV)

EMV plays chamber music of the highest artistic quality and delivers extraordinary music experiences. We live in the field of tension between the traditional chamber concerts and new innovative formats, and we challenge the chamber music's expressive possibilities with the aim of creating a personal relationship with audiences of all kinds.

Ensemble MidtVest consists of 9 classical musicians, which together form an ensemble consisting of a string trio, a wind quintet and a pianist, plus an administration.

The ensemble is one of Denmark's five basic ensembles supported by the Statens Kunstfond and Herning, Holstebro and Struer municipalities.

We play approx. 100 concerts a year distributed locally, nationally and internationally, and it is our vision to make the last 500 years of classical music repertoire as well as free improvisation present and relevant to the audience of the 21st century.
