The Danish Radio Big Band has been a shining light on the Danish jazz scene since 1964, and the band was at the forefront in the years when Copenhagen was home to an array of legendary American jazzmen. With bandleaders like Thad Jones, Bob Brookmeyer, Jim McNeely, Palle Mikkelborg and Miho Hazama, the Danish Radio Big Band has positioned itself in a prominent position on the international jazz scene.

More than 80 album recordings with stars like Miles Davis, Stan Getz and Joe Henderson testify to a big band which has focused with great success on original content. Today the Danish Radio Big Band (DR Big Band) is still introducing new names, initiating exciting collaborations across genres and commissioning compositions from established artists as well as young talents.
