scaling adverts flyers and creating big layouts for exhibition material will also be a part of your work.

Since we are a high-end audio company we envision that our part time graphic content creator, (besides your graphic skills) have a basic interest in sound either as a hobby musician, sound recordist or sound engineer who cares about and believe that good sound matters.

You will collaborate closely with our Art Director and the rest of the Marketing Team who will support you to ensure that the content is constantly up to date.

You have:

- Good knowledge of Adobe Creative Suite (Photoshop, InDesign, Illustrator, Premiere Pro and After Effects).
- Solid understanding of designing for different media types.
- Plan and deliver projects both as a team and individually.
- Have no problem in working in Kokkedal, north of Copenhagen.
- An awesome portfolio showcasing relevant work experience (Please send a link to your portfolio in your application).

You will:

- Support the global sales and marketing team with stunning creatives
- Creating content and concepts for different social media channels: blog, advertising, campaigns, and website.
- Maintain and improve web graphics.
- Maintain brand standards and style.
- Design marketing materials such as brochures, flyers, exhibition material, emails. Etc.

We offer:

- A work environment with great colleagues.
- A place to develop and get better.
- Fun and dynamic culture.
- An inspiring workplace with flexibility and freedom with responsibility.
- Pension and Health Insurance
- And much more

This position contains a big amount of graphic tasks so it's important to have a good knowledge of Adobe Creative Suite.

Before we invite you to an interview, you will be asked to make a small task.

You will work from our future office in Kokkedal. (atm we're located in Allerød)
