

# Violin 2, Tutti (1) – Permanent

The Royal Stockholm Philharmonic Orchestra is looking for a second violin, tutti, starting July 1, 2024. The audition takes place at Konserthuset Stockholm, February 1-2, 2024 after personal invitation.

The applications closed December 1, but the audition will re-open for late applications from December 18 to January 1, due to earlier technical issues. Applicants that applied before December 1 will know around December 18 whether they will be invited to the audition or not. Applicants from the later application phase will learn around January 9 whether they have been invited or not.

A successful pre-audition is needed to qualify for the physical auditions. Applicants that have worked as substitutes for at least 6 months over the last five years in the Royal Stockholm Philharmonic orchestra can be invited to the audition without submitting a pre-recording, provided that there is room to do so. If so, please contact the orchestra department of the Royal Stockholm Philharmonic Orchestra
