

Part Time Booker

The venue Musik Loppen is searching for a part time booker with flair for economy and a desire to work with narrow genres, up and coming genres and new tendencies.

Do you want to take part in creating the framework surrounding a dynamic music venue in Christiania, Copenhagen, which is mainly run by volunteers?

Loppen is, from the 1st of august, looking for an employee, who in close cooperation with the daily administration and collective group, will contribute to securing the music operation and development of one of the oldest venues in the Northern parts of Europe, in the midst of one of the most broadly represented areas of Denmark. Loppens core values are built on communities, love for the music and creating memorable audience experiences. All of this is based on volunteering as the biggest driving force.

What are we looking for?

We are looking for a colleague and collectivist, who loves live music in informal settings - and has an understanding that mediating music experiences requires an intelligent operation and healthy economy. You will be working closely with our program manager, Jasper "Japser" Jensen, as well as the volunteer bookinggroup, to shape Loppens musical profile, especially in the narrow genres as well as with the up and coming artists.

You primary function, tasks and responsibility is based in these main areas:
